WAMIQ AJMAL

Mechanical Engineer Technology | CAD | CNC & Manufacturing | Technical Operations

engrwamiqajmal@gmail.com | 03024233318 |Peshawar, Pakistan | LinkedIn | Digital Resume

PROFESSIONAL SUMMARY

Mechanical Engineering Technology professional with a 3.81 GPA and hands-on experience across CNC machining, CAD-based design, precision manufacturing, fabrication, vehicle diagnostics, and technical documentation. Experienced with SolidWorks, Creo/PRO-ENGINEER, G-code fundamentals, precision measurement, and MS Office, with additional IT support and hardware documentation experience.

TECHNICAL SKILLS

CAD & Design: SolidWorks (2D/3D) • Creo Parametric • PRO/ENGINEER
Manufacturing: CNC Operation • Precision Machining • Metal Fabrication • Surface Grinding
Engineering: Technical Drawings • G-code Fundamentals • Precision Measurement • Quality Control
IT & Office: MS Excel • Word • PowerPoint • Hardware Documentation • Router Configuration • Graphic Design

PROFESSIONAL EXPERIENCE

Technical Engineer Mechanical, PCSIR Laboratory Complex, Peshawar | Jun 2026 – Oct 2026
- Supported CNC machining, surface grinding, precision measurement, and engineering documentation.
- Observed and assisted with CNC programming, G-code generation, dry-run verification, coolant operations, and machining-parameter selection.
- Performed supervised flat-surface grinding and checked surface finish and flatness using precision measuring instruments.

Mechanical Intern, Marks Razmak Industry, Peshawar | Jan 2026 – Jun 2026
- Worked on fabrication and machining of industrial components from 2D technical drawings.
- Operated CNC machinery and supported precision machining and production activities while following quality requirements.
- Assisted with surface grinding, grinding-wheel dressing/balancing, and tool-grinding operations.

Technician, Kia Motor Khyber | Mar 2024 – Jan 2025
- Conducted mechanical diagnostics, warranty check-ups, parts management, and job-card documentation.
- Supported technical troubleshooting and provided guidance to junior staff and students.

IT Assistant, The City School | Aug 2021 – Aug 2022
- Maintained hardware inventory and technical documentation and supported routine school IT operations.
- Created promotional materials and supported school-level technical events.

KEY PROJECT

Portable Metal Cutting Machine (PMCM) | Final Year Project.
Designed and developed a portable cutting unit; created 3D assemblies in SolidWorks, managed welding/assembly fabrication, and validated performance through safety testing.

EDUCATION & CERTIFICATIONS

- **B.Sc. Mechanical Engineering Technology**, University of Engineering & Technology, Peshawar | CGPA 3.81 | 2022–2026
- **DAE (PMIT),** Precision System Training Center, Peshawar | 2019‑2021
  Achievement: Secured 1st Position Overall in the Board
- **Diploma in Information Technology (DIT)**, Precision System Training Center, Peshawar | 2019–2020
- Certifications: **HSE Training Course (2023) • Dies & Molding Skilled Worker Short Course (2019)**
